

Essential Apps List (iWorks)

The following apps will be **free or pre-installed on your iPad** if you have recently purchased your iPad (**after** the 1st of September 2013). If you purchased your iPad before this date, we are still investigating ways to ensure these apps won't need to be paid for (but they will need to be downloaded).

Icon	Name	Price	Description
	Pages	-	Like Microsoft Word. This app will allow students to publish work as well as take notes in class.
	Keynote	-	An impressive Presentation tool. Students will use this app to create presentations, including a digital portfolio.
	Numbers	-	Like Microsoft Excel. This app will allow students to create spreadsheets and easily create graphs and tables.
	iMovie	-	An easy to use video and photo-editing program. Fast and fun, students can make movies in minutes.
	Garage Band	-	An app for creating and recording music on the iPad. Use a range of instruments from keyboards to drums to synthesizers.
	iPhoto	-	A place to store, browse, edit and share photos
